

How to set up your self more than before exam.

3 thinks you need to have more than read books for exam.

First, Manage your time for everything on your life and you need to have time for do something more than read books. Next, Repeat your lesson after you have class about 15 minutes every time. Finally, Lead your lesson to use for solves your problems on your life and lead it for do something is inventive.

Mr. Linus Trovalds

Grade not results on your life don't worry much that. Genius emphasize the lesson after exam they know that lesson what for important on them. Genius know the lesson important before and after exam they don't leave the lesson. Genius lead the lesson to make something with benefits more than them self.
